

Bradford & District Rabbits Association

Several captains have reported that they do not know what information is required when ringing the results in on a Thursday evening. If you fill the details below in before ringing the results through it will make your life a little easier.

Results should always start with the home player and the 16-17 handicap category. You can use the visiting player's handicap certificates to get the correct surname spelling. Alternatively you can ask the visiting captain to fill in the names of his players.

Please remember that the league secretary is probably sat watching TV or sat in the garden with the results list balanced on his knee! If you could be a little patient as shorthand is not one of his strong points.

Example

Category	Player (Home)	Result	Player (Away)	Score
16-17	Nick Faldo	Beat	Greg Norman	2&1

Bradford & District Rabbits Association League Results Form
